Fuse Alliance Welcomes C/F Data Systems As Newest Service Provider

Laguna Niguel, CA [March 23, 2015] – Fuse Alliance announced that C/F Data Systems, based in Weymouth, MA, has joined the organization as the newest network service provider. Fuse Alliance is a member-owned organization of professional, commercial flooring contractors focused on all segments of the contract market including corporate, healthcare, hospitality and retail. C/F Data Systems provides accounting software solutions designed specifically for the construction industry.

“Our organization is built on the strength of successful, long-standing businesses such as C/F Data Systems,” said Geoff Gordon, executive director of Fuse Alliance. “Partnering with companies such as C/F Data Systems is a testament to our commitment to our members and their businesses.”

As a Fuse Alliance service provider, C/F Data Systems will offer network members specialized quoting, project management, job cost and accounting software solutions, which will help business owners gain greater business process efficiencies. Founded in 1979, C/F Data Systems is a national leader in developing and providing construction accounting software. C/F Data Systems began serving its customers by developing custom programs for various clients, ultimately serving specialty subcontractors. Over the past six years, the company’s greatest emphasis has been with commercial flooring contractors and now serves nearly one hundred commercial flooring contractors across the United States.

“We have been delivering accounting software solutions to the commercial flooring industry for 36 years,” said Eric Goldstein, president of C/F Data Systems. “This partnership will allow our team

to expand our reach and effectively serve the members of the Fuse Alliance network.”
