**PRESS RELEASE**

***Independent Floor Testing & Inspection Joins Fuse Alliance***

**Laguna Niguel, CA [June 6, 2018]** – In facing the challenge that concrete slab moisture poses to flooring contractors, the Fuse Alliance, a Member-owned organization of professional, commercial flooring contractors, announced today that [Independent Floor Testing & Inspection](#) (IFTI) has joined the network as a preferred supplier.

Established in 1997 in Concord, CA, IFTI is the leading concrete slab moisture testing specialist in North America.

As the largest independent moisture testing company in the world, IFTI is committed to providing the Fuse Alliance with the most comprehensive testing and consulting on concrete slab moisture related issues,” said Greg Mercurio, COO at IFTI. “Our goal is to educate the masses on the importance of independent concrete slab moisture testing so that Fuse Alliance members never have to deal with the consequences of a moisture related floor failure again.”

IFTI provides full service project management for commercial concrete slab moisture tests prior to the installation of floor coverings or coatings. IFTI also provide forensic diagnostic services after a flooring failure to identify the root cause of the problem.

“Concrete slab moisture continues to be one of the biggest challenges facing commercial flooring contractors today,” said Geoff Gordon, executive director of Fuse Alliance. “IFTI

will bring valuable insight to Fuse Alliance members as we work together to seek successful solutions to the moisture mitigation problem.”
